

# AVX15

For Language training or music listening in groups or in classrooms.

## AVX15 USB/SD Plays:

- Normal CD, MP3 and WMA on CD
- MP3 from Memory Key or SD Card
- WMA from CD, USB or SD
- **USB/SD RECORD** (from any connected source)

## NEW:

- 7 pcs. Standard 3,5mm Headphone Jack plus Master Headphone Jack (which breaks internal speaker).
- **UNIVERSAL 7-pin DIN** for connecting **Cassette Accessory**.
- **Cassette Accessory** powered from main unit. Only **ONE** (included) cable needed.
- **AVX15 is a good, all-round language teaching language teaching unit with focus on high-class voice reproduction.**
- **Music can of course be played too.**
- AVX15 USB/SD's loudspeaker construction makes it ideal for use, in classrooms or in Groups.
- Input connection for personal MP3 Player - or your I-POD/PAD/PHONE. Standard 3,5mm jack connector.
- Standard RCA (phono) connections are provided on the front panel for line level output.
- The "ROTARY ENCODER" volume control is easy to use and enables the volume to be adjusted manually or by REMOTE CONTROL.
- AVX15 USB/SD will always start up at the preset , moderate volume.
- Infrared remote control with direct access to at least 399 CD/MP3 tracks and many other functions.
- LCD Display for the CD shows Real Time Counter and all relevant CD information including ID3 TAG
- Functions include Repeat, Intro, Skip, Cue/Rew, Mute, Program and Random for both CD and MP3.
- AVX15 USB/SD uses NEW SLOT-IN type Mechanism, with advanced 40 seconds anti-shock electronics to avoid skipping.
- AVX15 USB/SD is specifically designed for classroom use, all the controls are placed facing the teacher while the rear mounted loudspeaker is facing the students, ensuring simplicity and convenience in use.
- AVX15 USB/SD is constructed using a unique combination of strength and quality of materials, thus ensuring a long service life, with a low cost of ownership.
- The AVX15 USB/SD clean, modern design, enables it to retain its "new appearance" during the lifetime of the unit.

Distributor:
